

CO2 2kg portable fire extinguisher

ERP : 200-003-002

Application

Applicable in paint shops, power industry, industrial halls and everywhere where usage of extinguishing powders is not recommended due to presence of devices sensitive to dust and impurities. The extinguisher does not leave any remains after application.

Basic features

- New generation of light, steel cylinder.
- Economical maintenance and service.
- Valve equipped with bursting disc.
- Construction of the valve enables temporary interruption of extinguishing.
- Cylinder of extinguisher covered with polyester paint, resistant to UV radiation.

QUALITY AND SAFETY

Manufactured according to requirements of domestic and EU markets on the basis of certified quality system ISO 9001. Fulfills requirements of European Standard EN3 and Safety Directive PED 2014/68/UE.

● TECHNICAL CHARACTERISTICS

Extinguishing efficiency	34B
Weight of extinguishing agent	2kg
Operation time	6s
Cylinder test pressure	320bar
Operating temperature	-20°C +60°C
Total weight	7kg
Fire under voltage	1000V
Height	543mm
Cylinder diameter (B)	105mm
